

## PUTTLE SCORING DIAGRAM

Knock down just the center pin and **not completely cross the Penalty Line = 1 point**

Knock down just the center pin and **completely cross over the Penalty Line = 2 points** (1 point + 1 penalty point)

The far edge of the Official Puttle® Mat is the **+1 Penalty Line** (also known as **THE SEA OF EVIL.**)

Knock down the center and one of the outside pins = **2 points**

Knock down the center and one of the outside pins and **completely cross over the Penalty Line = 3 points** (2 points + 1 penalty point)

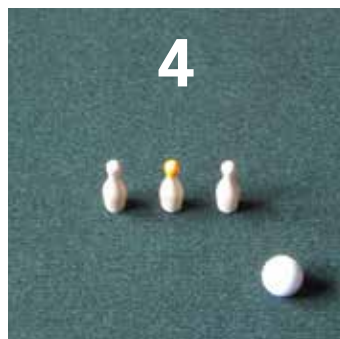

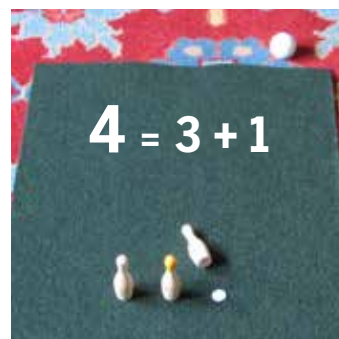

**\* What's the score if you knock down all three pins?** That's called a **KNOCKOUT**. On rare occasion all three Puttle pins are knocked over. When this happens, it is the only time during a match the player is allowed to take ONE POINT OFF his final score. Since the Center and an Outside pin have been knocked over, the putt scores as a 2. If the ball does not cross the Penalty Line, the score is a **1** (2-1=1). If the ball crosses the Penalty Line, the score is a **2** (2+1=3-1=2).

Knock down just one of the outside pins = **3 points**

Knock down just one of the outside pins and **completely cross over the Penalty Line = 4 points** (3 points + 1 penalty point)

Miss all three pins = **4 points**

Miss all three pins, and **completely cross over the Penalty Line = 5 points** (4 points + 1 penalty point)
